INCIDENT NOTIFICATION GUIDELINES

It is important that all incidents that may give rise to a claim are reported to us as soon as possible after the event. This will enable insurers to carry out investigations at an early stage whilst information relating to the claim remains fresh in the mind. This will also ensure that you are complying fully with your policy terms and conditions.

In order to achieve this we would ask that you notify us immediately of any incident that involves:

- a fatal accident
- an injury involving either referral to or actual hospital treatment
- any allegation of libel/slander
- any allegations of professional negligence i.e. arising out of tuition, coaching or advice given
- any investigation under any child protection legislation
- any circumstances involving damage to third party property

Any injury is defined as:

- any head injury that requires medical treatment (doctor or hospital)
- any fracture other than to fingers, thumbs or toes
- any amputation, dislocation of the shoulder, hip, knee or spine
- loss of sight (whether temporary or permanent)
- any injury resulting from electrical shock or burn, leading to unconsciousness or requiring resuscitation or admittance to hospital for more than 24 hours
- any other injury leading to hypothermia, heat induced illness or to unconsciousness which required resuscitation or admittance to hospital for more than 24 hours.
- Loss of consciousness caused by asphyxia or by exposure to a harmful substance or biological agent

Please note the above list is not exhaustive and if you are unsure as to whether an incident should be reported, then please do not hesitate to contact The Admin Bureau's Claim Department for further advice.

We would remind you that in NO circumstances should you admit liability or agree to pay for any damage caused as this may prejudice the position of Insurers and COULD result in the withdrawal of any indemnity.

Finally, please note that this is a Liability Policy where Insurers decide if negligence attaches to you. Therefore any payments you make to any third parties will not necessarily be reimbursed.

We would recommend that a designated person within your organization is made responsible to record any reported accident. Records must be kept for at least 3 years. Names and addresses of any possible witnesses should also be recorded.

Current legislation does not specify the format of an accident register but the Accident Book B1 510 obtained from HMSO is frequently used.

The register must contain the following information relating to all reported accidents or dangerous occurrences:

- Date and time of accident
- as regards a person to work – full name; occupation; nature of injury; age
- place where the accident occurred
- a brief description of the circumstances
- method by which the event was reported

NOTICE TO ALL CLUBS AFFILIATED TO THE SCOTTISH YOUTH FOOTBALL ASSOCIATION

This letter has been put together because of recent events in other areas of the United Kingdom, which could affect grassroots football in general.

In the last few years there has been a significant increase in marketing by Legal Firms who have targeted the Player-to-Player extension and consequently this has driven claims to excess, at the expense of grassroots football.

As an official representing your Club you should be aware of your responsibility to control and protect your players. All officials in the Club should also be aware of this and all the risks involved.

PUBLIC LIABILITY & PROFESSIONAL INDEMNITY Indemnity £5,000,000 Including Player-to-Player Liability

Third Party Property Damage
Third Party Injury
Libel
Slander
Error & Omissions
Products

IT IS YOUR RESPONSIBILITY AS A CLUB TO CONTROL AND PROTECT YOUR PLAYERS

- It is the responsibility of all Players and Officials of the Club to ensure that **Safety is Priority.**
- **The Club and its Officials can, in certain circumstances, be held legally responsible for the conduct of their Players,** and accordingly Clubs should ensure their Players conduct themselves appropriately and within in the laws of the game. Players failing to comply within the laws of the game should be removed from the field of play.
- Identify Potential Hazards where the game is to be played.
- Establish who might be harmed and how.
- Record your findings and keep an Accident Book.
- Regularly review your assessment and revise if necessary.
- Ensure all equipment used (i.e. goalposts, flags etc) is in safe condition and that they are being handled in the correct and safe manner.
